

NATIONAL INTERESTS CLASH AT THE PEACE CONFERENCE

MAY RECALL U. S. ARMY IN RUSSIA

Note Declared Sent by America Warning Slavs to Join Proposed Parley.

REFUSAL TO BE COSTLY

Would Mean Also Embargo on Supplies and Nonrecognition of Envoys—Allies Expected to Join U. S. in Position.

Paris, Jan. 31.—The British and French governments have accepted in principle President Wilson's plan concerning mandates from the League of Nations for the administration of captured territory, it was stated by Captain Andre Tardieu of the French peace conference delegation. The acceptance, however, is subject to learning under what conditions the plan will be carried out.

Washington, Jan. 31.—Diplomatic circles disclosed that the United States threatens to withdraw its support from the Russian republican factions unless they at once endorse President Wilson's plans for ending Russian strife through a meeting with Bolshevik and Allied delegates.

Recall of American troops in the Archangel regions and in Siberia, embargo against exports to Archangel and Vladivostok and withdrawal of United States recognition now granted the diplomats of the Russian constitutionalists at Washington would be the most significant features of the step. Similar action could be expected from Great Britain, France, Italy and Japan, and the Russians would be left to "fight it out amongst themselves."

Russian Embassy Notified.

It is understood a memorandum of the American viewpoint has been handed to the Russian embassy here for conveyance to Russian ambassadors and ministers at Paris.

Diplomats admit that the disappointment of the United States at the opposition of the Russian constitutionalists toward the proposed all Russian conference is evident.

The United States has practically supported the constitutional diplomats here, financially as well as politically, since their appointment by Kerensky. The Entente Powers were led to do likewise.

Tchaikovsky on Way to Paris.

The official position of the northern Russian government regarding the meeting will not be known, it is believed, until the arrival in Paris of President Tchaikovsky, now on his way to the peace conference from Archangel.

The Russian embassy has received an Archangel cable declaring that the president is pledged by his government to take an uncompromising stand against the bolsheviks and to insist on Russian republican admission to the deliberations.

The cables also stated that Tchaikovsky proposes to join the Omsk government representative in establishing a strong center of Russian politics in Paris, from which the land can be redeemed from chaos.

PROMOTION BAN MODIFIED

Army Officers to Be Advanced as Vacancies Permit.

Washington, Jan. 31.—Secretary Baker has issued instructions modifying, to a limited extent, the blanket prohibition against the promotion of officers promulgated by the War department immediately after the armistice was signed, and which has been sharply criticized in congress.

Under the new policy, contained in a memorandum dated Jan. 25, addressed to General March, chief of staff, and made public, General Pershing is authorized to make such promotions as vacancies in the authorized strength of his command may permit and the same practice will be followed with respect to the army in the United States.

RESTORE ORDER IN TURKEY

Supreme Council Asks Allied Military Men to Frame Plan.

Paris, Jan. 31.—The Supreme council, it is officially announced, reached satisfactory provisional arrangements dealing with the German colonies and the occupied territories of Turkey in Asia.

The council decided that the military representatives of the Allied powers at Versailles should meet and report on the most equitable distribution of the burden of supplying military forces for the purpose of maintaining order in Turkey, pending action by the conference regarding the government of Turkish territory.

GEORGE STALLINGS

Manager of Boston National League Club.

George E. Stallings, manager of the Boston National League baseball club received a letter from Sergeant (Hank) Gowdy, saying that he hoped to be released from his duties in France soon and expected to be back in this country in time to join the Braves on their spring training trip.

YANKEES ARE CLEARED

Boys in Europe Refrain From Acts of Violence.

Crime Wave in Paris Is Traced to Apaches Wearing United States Army Uniform.

Paris, Jan. 31.—An investigation shows that Apaches of all nationalities dressed in American uniforms were mainly responsible for the acts of violence which have caused broadcast publicity to be given to an alleged American crime wave in Paris.

It was further ascertained that assaults and hold-ups are infinitesimal in number as compared with the published figures of the crime wave, existing nearly exclusively in the vivid imagination of sensational local newspapers.

An opportunity was presented to verify at police headquarters the figures respecting crimes during last December. Thirty-four murders charged to Americans were discredited and dwindled to two; 244 hold-ups and assaults were reduced by 80 per cent.

There have been numerous fist encounters, however, but they were mostly between Americans, old-fashioned rough and tumble brawls in which arrests are rarely made in American cities, where for the most part the pugnacious individuals would merely be requested by the police to go home, or a humorous policeman would advise them "if you want to fight, go to Europe."

GOVERNOR RENEWS CHARGES

Alleges Mismanagement in Argonne Forest Campaign.

Kansas City, Jan. 31.—"An understatement of the situation," was the way Governor Henry J. Allen of Kansas referred to previous statements in which he charged that the losses of the Thirty-fifth division, composed mainly of Missouri and Kansas forces, in the fighting of the Argonne forest were heavy because of inadequacy of transportation and artillery and air protection, in a statement here.

ADVOCATES GOING THE LIMIT

Admiral Mayo Says Now is the Time to Expand Navy.

Washington, Jan. 31.—In urging immediate naval expansion before the House naval committee, Admiral Mayo, commander in chief of the Atlantic fleet, said:

"The league of nations is rapidly getting down to a sewing circle with no means of enforcement and no international police force. Now is the time to go the limit in expanding our navy."

NOTED STEAMSHIP IS SUNK

Exploration Ship Endurance Lost and Ten of Crew Perish.

Yarmouth, England, Jan. 31.—The exploration ship Endurance, formerly the sealing steamer Nimrod, which Sir Ernest Shackleton used in his explorations in the Antarctic and which had been engaged in the coal trade between France and England, was dashed to pieces on the sands off Yarmouth. Ten members of the crew of 12 were lost.

Italy Places Embargo on Shoes and Leather

(By United Press) Washington, Jan. 31.—Following Great Britain's lead in barring certain American manufactures from import, the high commissioners for Italy have announced restrictions upon the importation of leather and shoes into Italy, the war trade board announced.

House Naval Committee Votes For New Ships

(By United Press) Washington, Jan. 30.—The house naval committee today unanimously voted to authorize the construction of ten capital ships and ten scout cruisers in the next three years.

Senator Threatens to Eject Packers Attorney

(By United Press) Washington, Jan. 31.—Senator Norris today threatened to throw the packers' attorney out of the hearing before the senate agricultural committee because of interrupting questions.

Minnekada Arrives With Troops

(By United Press) New York, Jan. 31.—Carrying 2,738 home-coming Americans, the United States transport Minnekada arrived from Brest.

Famous Comedian Dies in New York

(By United Press) New York, Jan. 31.—Nat C. Goodwin, 61 years old, the famous star, and married five times, died in his apartments early today after a short illness of various complications.

Hungarians Cheer U. S.

Budapest, Jan. 30.—Hungarians conducted enthusiastic demonstrations throughout the country, cheering the United States and the Allies as a result of the peace conference note warning that claims to territory occupied by force will receive no recognition at the peace table. The Hungarians regard this warning as directed at the Roumanians and Jugo-Slavs who, they say, have been encroaching on Hungarian soil. A new crisis has been forced in Count Karolyi's cabinet due to bourgeois attacks.

BY WM. PHILLIP SIMMS (United Press Staff Correspondent)

Paris, Jan. 31.—Difficulties were piling up as the peace bureau continued its sessions today. With national interests clashing on all sides only level heads and steady hands were preventing a spark from dropping into the powder keg on which the world is sitting. At least this seems to be the general opinion here as reports were received of new elements cropping out in the disturbances, social or political, which are growing throughout the world. The Serbians were still bitterly wrangling with the Italians regarding the control of the eastern Adriatic ports. The Montenegrins continued to oppose their forcible inclusion in the new Jugo-Slav state, the Czechoslavs and the Poles were still fighting over Silesia although adjustment of this affair seemed imminent. Austria and Roumania seemed at swords point concerning the possession of Transylvania. Germany and Poland were mobilizing against each other, the bolsheviks are at war against the rest of Russia, the Ukrainian is fighting the bolsheviks, China and Japan both want the former German colonies of Kiao Chau.

American Diplomacy Wins Third Victory

(By Fred S. Ferguson (United Press Staff Correspondent.)

Paris, Jan. 31.—American diplomacy has won its third straight victory in the peace conference today over the reactionary opposition. The official announcement that satisfactory provisional agreements had been reached regarding the disposition of the German colonies and occupied territories in Turkey and Asia means that the associated powers have accepted President Wilson's program for placing all disputed areas under the administration of the league of nations, with the interested powers acting as trustees.

Bill Providing for Universal Training

(By United Press) Washington, Jan. 31.—Universal military training for one continuous year, the 19th, at the close of the year placing them in the reserve subject to war call, is provided in a new senate bill introduced today.

NO HEAVY INDEMNITIES

Germany, However, Must Make Reparation for Damage Done.

Each Allied Country to Stand Its Own War Cost, Is Reported Agreement of Envoys.

London, Jan. 31.—The Paris correspondent of the Evening Standard says he has reason for reporting that the peace conference has settled one important point in regard to the indemnity question.

The conference, he declares, has eliminated any intention of calling upon Germany and her associates to pay the Allied countries the cost of the war or to impose heavy indemnities upon enemy nations.

"But the minds of the conference," the correspondent adds, "are fixed that there shall be full and ample reparation for unjustifiable damage done. A very sharp distinction is being drawn between damage which resulted from legitimate warfare and damage which was wanton."

The correspondent says that Serbia and Belgium have formulated claims for reparation in detail. Serbia's bill is the largest, but as Belgium suffered first she will receive first consideration.

The idea that Germany should return the indemnity she took from France in 1871 has been abandoned, the Evening Standard's correspondent continues. British claims, he adds, are for damage done in air raids and through the sinking of merchant ships. In the case of ships, the reparation to Great Britain will be in kind.

PRISONERS STAY IN CELLS

Fifteen Hundred at Leavenworth Refuse to Work.

Leavenworth, Kan., Jan. 31.—More than 1,500 of the 3,570 prisoners in the United States disciplinary barracks here, where five destroyed a quarter-master store house with a loss estimated at more than \$100,000, refused to leave their cells or to perform any labor. The other prisoners signified their willingness to carry on with their daily routine.

Four grievances cited by the prisoners are being heard and investigated.

GOVERNMENT IS CONFIDENT

Inform Northern Russians There is No Need for Alarm.

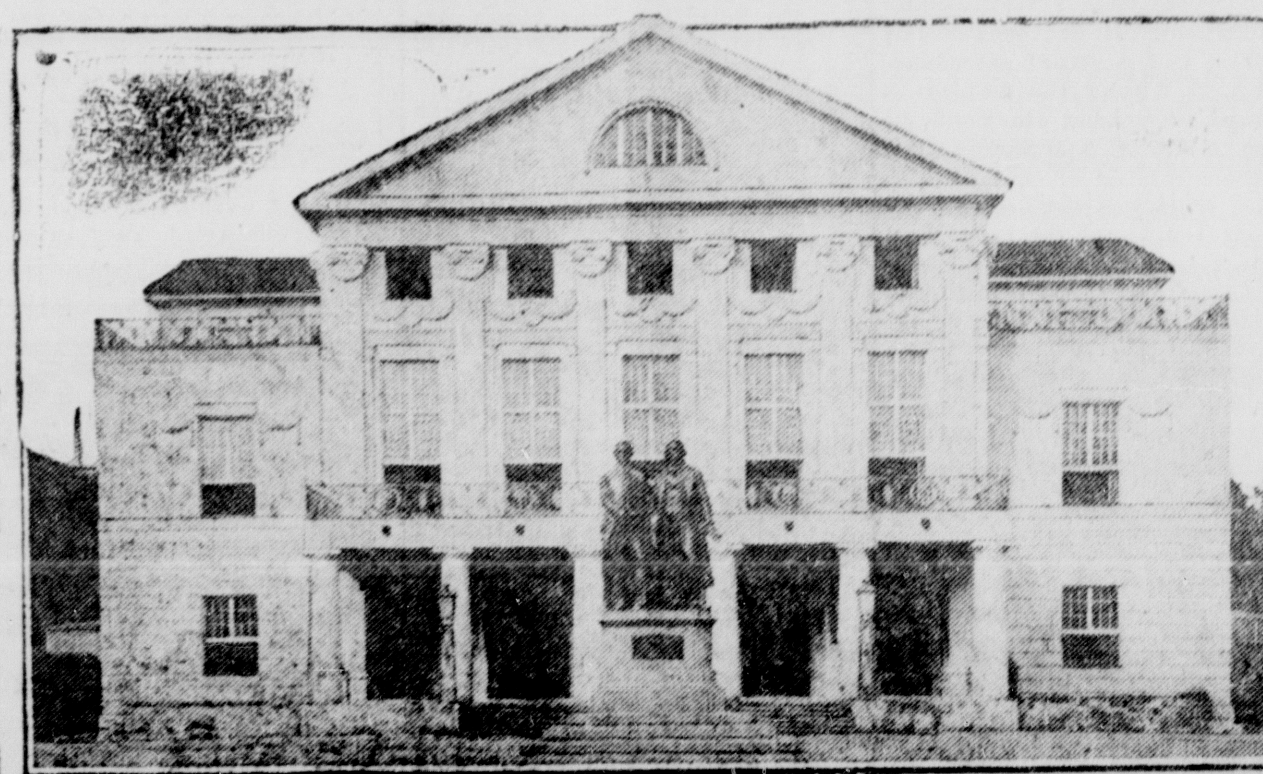

Archangel, Jan. 31.—The Northern Russian government in a proclamation to the population warns the people against any unnecessary alarm over the recent events which resulted in the evacuation of Shenkursk by American and Allied forces.

The proclamation says it was necessary to evacuate Shenkursk because of the small forces available for its defense.

Penrose Replies to Pinchot.

Washington, Jan. 30.—Gifford Pinchot's demand that Senator Bois Penrose of Pennsylvania cease his fight for the chairmanship of the senate finance committee has been met by a sarcastic refusal. Senator Penrose made it clear in a statement he issued he is ready for a finish fight for the chairmanship. "I hardly consider Pinchot's open letter as worthy of being dignified by a reply," he said. "The most charitable treatment that can be accorded him is to throw over him the mantle of oblivion."

New Yorker Obtains Machines From Canadian Government.

Cost of Equipment to Great Britain Said to Have Been More Than \$10,000,000.

New York, Jan. 31.—The world's greatest private owner of airplanes, airplane engines and parts is Roy U. Conger of New York. He announced the purchase of 350 airplanes, 700 engines and vast quantities of parts and accessories from the Canadian government, which disposed of the planes allotted by the British government for Canada's war fliers. Fifty planes were returned to Canada to train men in colleges as fliers.

The cost of the equipment to Great Britain was said to have been more than \$10,000,000. The price Conger paid is unknown.

The planes will be diverted into commercial transportation lines in Canada, according to present plans, and Conger expects later to enter the field at Erie, Pa.

PURCHASE OF ARMY CAMPS

Resolution Opposing Plan is Introduced in House.

Washington, Jan. 31.—Purchase by the War department of the sites of existing army training camps would be prohibited without specific authority from congress under a resolution offered in the House by Representative Anthony of Kansas, at the request of the members of the Military committee.

The resolution was introduced after Secretary Baker and Assistant Secretary Crowell had appeared before the committee to urge acquisition of the sites of all national army cantonments and two National Guard camps, Sevier, S. C., and Kearney, Cal.

JAPAN IS TAKING NO PART

Said to Exercise No Control Over Siberian Railways.

Tokio, Jan. 31.—Japan has been excluded from control of the Siberian railways, but has been held responsible for guarding the lines, the newspaper Kokumin says it learns from a reliable source.

"America, England, France, Italy and China will control the traffic and technical features of the lines," says the newspaper.

BAKER GOING TO PARIS SOON

May Act as Wilson's Proxy at Peace Table, Is Reported.

Paris, Jan. 31.—Secretary Baker will come to Paris in February, according to authoritative information here. President Wilson, it is generally understood, will return to the United States about February 15. The above dispatch would indicate that Secretary Baker may have been selected to act as the president's proxy at the peace conference.

WAR EXPENSES CONTINUE HIGH

United States Spent More Than Twenty-six Billion Dollars in 22 Months.

BIG LOANS TO ALLIES

Unofficial Reports Place Cost of Conflict to Great Britain During Four Years at About \$40,640,000,000.

Washington, Jan. 31.—The American government's war expenses show no sign of decreasing materially, except in loans to the Allies, although nearly three months have passed since the signing of the armistice.

In January the Treasury paid out about \$1,600,000,000 for ordinary war expenses exclusive of Allied loans, or only \$70,000,000 less than in December; \$55,000,000 less than in November and considerable more than in any month theretofore.

The government's aggregate expenses in the 22 months of war have been \$26,356,000,000, it was calculated. This includes \$7,875,000,000 loaned to Allies.

Latest unofficial reports place at \$40,640,000,000 the cost of more than four years of war to Great Britain including \$5,553,000,000 loaned to her Allies. From the same British source also comes the estimate that the war has cost Germany \$38,750,000,000, of which \$2,250,000 was loaned to its allies.

Payments Being Made Now.

Officials explained that this was not to be taken as indication that production of war materials is continuing at the tremendous rate of several months ago. Manufacturers are now presenting their bills and receiving payment for materials delivered long ago, however, and this keeps up expenses.

This liquidation of war contracts to be given added impetus after passage of pending legislation, providing for validation of informal orders, is expected to be a new source of high outlays for the next month or two.

New Loan Essential.

Payments to the Allies fell to about \$190,000,000 in January. When these loans were first instituted the government contemplated turning over about \$500,000,000 credits to the Allies every month, but actual payments ordinarily ran around \$380,000,000 monthly.

The treasury cited figures on the present government outlay to emphasize the necessity for another big war loan of five or six billion dollars in April. Current expenses now are paid largely out of borrowings from banks and other purchasers of the government's short term certificates of indebtedness.

MEXICAN ANIMOSITY GROWS

Anti-American Feeling Aroused by Senate Resolution.

Washington, Jan. 31.—Anti-American feeling in Mexico, according to advices received by the State department and members of the Senate foreign relations committee, has been increased by recent agitation in the senate and southwestern states for acquisition by the United States of Lower California, as proposed in a resolution introduced by Senator Ashurst of Arizona.

Bitter criticism of the proposal is being made in Mexican newspapers and by prominent Mexicans in Northern Mexico.

YAQUI INDIANS ON WARPATH

Number of Persons Said to Have Been Slain in Mexico.

Nogales, Ariz., Jan. 31.—Renewed outbreaks by Yaqui Indians in the state of Sonora, Mex., and near Guaymas, already have cost the lives of at least 23 Mexicans in the last few days, travelers arriving reported.

Nine Mexicans were beaten to death by the Indians between Hermosillo and Ures, Sonora.

A second Yaqui outbreak occurred within gunshot of Guaymas, travelers said, and 14 Mexicans were killed.

SECRETARY ENTERS DENIAL

Daniels Says Radio Stations Have Not Been Acquired.

Washington, Jan. 31.—In reply to the speech of Republican Leader Mann in the House declaring Secretary Daniels should be impeached for purchasing radio stations after authority had been refused by congress, Mr. Daniels said the Navy department had not proceeded in any way toward the acquisition of high power commercial radio stations or the building of a new naval plant since congress failed to authorize these projects.

From the same British source also comes the estimate that the war has cost Germany \$38,750,000,000, of which \$2,250,000 was loaned to its allies.

Payments Being Made Now.

Officials explained that this was not to be taken as indication that production of war materials is continuing at the tremendous rate of several months ago. Manufacturers are now presenting their bills and receiving payment for materials delivered long ago, however, and this keeps up expenses.

This liquidation of war contracts to be given added impetus after passage of pending legislation, providing for validation of informal orders, is expected to be a new source of high outlays for the next month or two.

New Loan Essential.

Payments to the Allies fell to about \$190,000,000 in January. When these loans were first instituted the government contemplated turning over about \$500,000,000 credits to the Allies every month, but actual payments ordinarily ran around \$380,000,000 monthly. The treasury cited figures on the present government outlay to emphasize the necessity for another big war loan of five or six billion dollars in April. Current expenses now are paid largely out of borrowings from banks and other purchasers of the government's short term certificates of indebtedness.

MEXICAN ANIMOSITY GROWS

Anti-American Feeling Aroused by Senate Resolution.

Washington, Jan. 31.—Anti-American feeling in Mexico, according to advices received by the State department and members of the Senate foreign relations committee, has been increased by recent agitation in the senate and southwestern states for acquisition by the United States of Lower California, as proposed in a resolution introduced by Senator Ashurst of Arizona.

Bitter criticism of the proposal is being made in Mexican newspapers and by prominent Mexicans in Northern Mexico.

YAQUI INDIANS ON WARPATH

Number of Persons Said to Have Been Slain in Mexico.

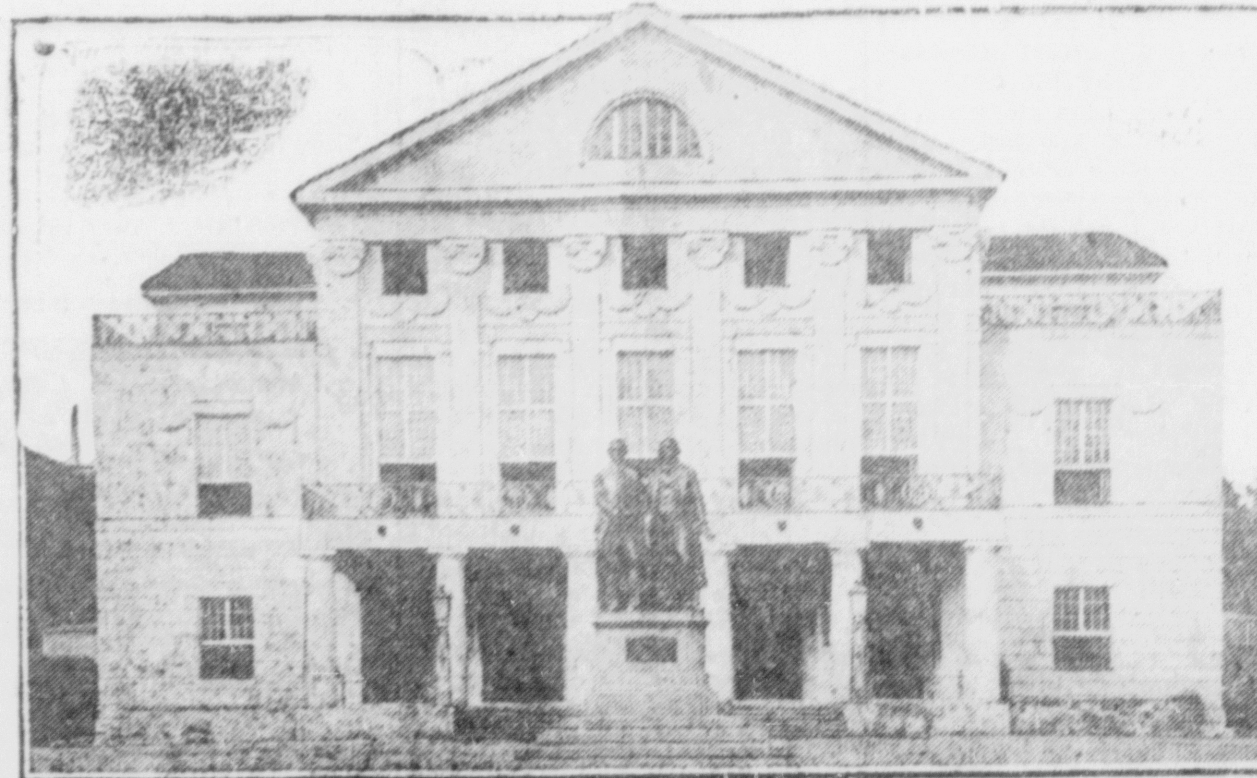

Nogales, Ariz., Jan. 31.—Renewed outbreaks by Yaqui Indians in the state of Sonora, Mex., and near Guaymas, already have cost the lives of at least 23 Mexicans in the last few days, travelers arriving reported.

Nine Mexicans were beaten to death by the Indians between Hermosillo and Tres, Sonora. A second Yaqui outbreak occurred within gunshot of Guaymas, travelers said, and 14 Mexicans were killed.

SECRETARY ENTERS DENIAL

Daniels Says Radio Stations Have Not Been Acquired.

Washington, Jan. 31.—In reply to the speech of Republican Leader Mann in the House declaring Secretary Daniels should be impeached for purchasing radio stations after authority had been refused by congress, Mr. Daniels said the Navy department had not proceeded in any way toward the acquisition of high power commercial radio stations or the building of a new naval plant since congress failed to authorize these projects.

THE WAR RELIEF COMMISSION

Aid Base Hospital Units, Erect Elks U. S. A. Reconstruction Hospital Costing \$300,000
How the Elks helped to win the war and in particular how they backed the Salvation Army in its war work efforts is related in an interesting manner in Collier's Weekly, the article having received much favorable comment from Elks of Brainerd Lodge No. 615.

Brainerd Lodge subscribed liberally to the various Liberty Loans, its members were prominent in food conservation work. Four-minute speaking, loyalty addresses, Red Cross work, and were liberal contributors to the war funds of the order.

One of the cardinal qualifications for membership in the Elks, it is stated in the article, is patriotism. The Elks are not exclusive and do not care whether a man is Jew or Gentile, Catholic or Protestant, but the one thing they do insist on is that a member must be 100 per cent American. So under these conditions, it was an easy thing to raise money in order to support the war work of the government.

The Elks' war relief commission was founded June 2, 1917, and John K. Tenner, former governor of Pennsylvania, and president of the National league, was named to head the commission. Immediately the grand lodge voted one million dollars and authorized Tenner and his associates to go ahead. This was done after consultation with the Red Cross and the War Department. The Elks provided the equipment for base hospitals of 1000 beds for the base hospital units organized by the Universities of Virginia and Oregon. In addition to this on Parker Hill in Boston, they built and equipped the Elks' U. S. A. reconstruction hospital at a cost of nearly \$300,000 an institution not being surpassed by any other institution of its kind in the world. The Elks were among the first people who determined that so far as lay in their power to prevent it, no man blinded or crippled in the war should ever need charity.

But in addition to these big things the article declares, the Elks wanted to do something that would give the individual members a chance to feel they were helping. They found this chance by backing up the work of the Salvation Army. No one knows just how the Salvation Army began, but it grew into one of the big things of the war. "See here," the Elks would say in effect, "you people are doing mighty good work. You need money. We want to help. We can't go over there and bake doughnuts for the boys in the trenches, but, by thunder we can help you to get the money you need. How about it?" The Elks backed the Salvation Army in the spring of 1918 in their drive for \$5,000,000 and in more than fifty cities of the country. Minneapolis among the number, the Elks took complete charge of the drive.

"They saw us through," says Col. W. A. McIntyre, who is at the head of the army's New York office. "We are still a little dazed by all they did for us. We never could have obtained the money we did without them. We could not ask them for anything they did not give us. Usually we didn't have a chance to ask. They took hold of our drive magnificently. There aren't words strong enough in praise for the Elks."

The article having received much
favorable comment from Elks of
BRAINERD Lodge No. 615.
BRAINERD Lodge subscribed liber-
ally to the various Liberty Loans, its
members were prominent in food
conservation work. Four-minute

tributors to the war funds of the
order.

One of the cardinal qualifications
for membership in the Elks, it is

FRANCE'S SONS WIN UNDYING GLORY

No other nation has spilled its blood more freely than France. Her sons have sacrificed more of blood and of treasure than those of any other nation. The world owes France a debt of gratitude not only for this, but for a perfect remedy for stomach, liver and intestinal disorders which it is said, has saved thousands of lives the world over. The ingredients are imported and placed on sale in America under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, for years a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

NEW EDUCATIONAL PLAN.

Washington, Jan. 30.—An important and far reaching educational measure was introduced in the house by Representative H. M. Towner, of Iowa creating a department of education with a cabinet member at its head. The bill carries an appropriation of \$100,000,000 to be apportioned among the states on condition each state shall appropriate as much as it receives. It is specified the money shall be used for removal of illiteracy, Americanization of foreigners and kindred purposes.

ARMENIA'S PLIGHT PITIFUL.

Washington, Jan. 30.—Miran Sovasly, chairman of the Armenian National Union of America, called on officials of the State department to present further reports as to the tragic condition of the people of Armenia and to urge prompt action looking to the setting up of an American state. Cablegrams now being received, Mr. Sovasly said, tell of alarming conditions in Armenian territory and of the pitiful plight of deported Armenians in Syria, Palestine, Egypt, Mesopotamia, Persia and the Caucasus.

GOVERNMENT NEEDS HUNDREDS ACCOUNTANTS

Washington, D. C., Jan. 31, 1919.—The war is practically ended but war work is not. The tremendous labor of the details of adjusting the accounts and paying the bills will occupy the time of a large force for many months to come. The ordnance department of the army alone is in need of 200 senior cost accountants at entrance salaries ranging from \$2,200 to \$4,200 a year; 300 junior cost accountants at entrance salaries ranging from \$1,200 to \$2,000 a year; and 300 clerks qualified in accounting at entrance salaries ranging from \$1,000 to \$1,800 a year, for service at ordnance establishments throughout the United States and in the headquarters at Washington, D. C.

The collection of the income tax also calls for the employment of an additional number of accountants. The income tax unit of the Bureau of Internal Revenue is in need of a number of traveling auditors and resident auditors at entrance salaries ranging from \$1,800 to \$4,500 a year.

All of these positions are open to both men and women.

The United States Civil Service Commission is receiving applications for these positions. Applicants will not be required to report at any place for examination, but will be rated upon their physical ability, education, training and experience, based upon the sworn statements in their applications and upon corroborative evidence adduced by the commission. Application blanks and full information may be obtained from the secretary of the local board of civil service examiners at the postoffice or customhouse in any city, or by communicating with the United States Civil Service Commission, Washington, D. C.

CHRISTIAN ENDEAVOR

Local Society Will Entertain Society of South Long Lake Presbyterian Church

The Christian Endeavor society of the Presbyterian church will entertain the society of the South Long Lake Presbyterian church Friday evening, February 7, at the manse of the church here in town.

Later in the season the local society will be entertained by the country organization. The program of this first meeting will be given by both societies and will be under the leadership of Mrs. Peter Peterson, president of the South Long Lake Endeavor.

Novel Entertainment

Mr. and Mrs. Paul G. Clarkson gave a novel entertainment for 24 high school students who were willing workers in the Christmas Red Cross membership drive. Seated on three toboggans, 16 feet, 12 feet and 8 feet long, Mr. Clarkson towed them with his car and took them to The Northwest Paper company where he is employed.

They were shown all through the mill and saw in detail how paper is made. The party then toured the city to the residence of Mr. and Mrs. Clarkson, where luncheon was served and dancing followed. All were taken to their homes by toboggan attached to the car.

BRAINERD'S ODDEST STORIES OF TODAY

It was a group of Brainerd teachers. Said one, commenting in a general way: "It seems to me that in this town the bunch of young married people have the most fun."

Picking feathers from chickens in record time seems to be a pastime for James Brotherson, butcher at Schaefer's Model Meat Market. Jim just grabs a chicken by the hind legs, dips him twice in hot water, passes his hands over them six or seven times and in less time than it takes to hammer this story on a typewriter, the chicken has been denuded of every feather, even the pin feathers. Then follows a shower bath in cold water and after a dip they are whisked to the front of the shop and sold.

Young lady looking at the library of a home.
Saw a book on short story writing.
"Do you write stories?" she asked.
"Nope," said the man of the house, a married man. "I tell 'em."

Fearing the jar of sauer kraut rapidly generating gas and sustaining enormous pressure would fly to pieces, kind hands took the jar to a place of safety and removed the offending material from the Dispatch office. The sizzling had been regarded with suspicion for many days and to avoid loss of life or limb, the sauer kraut was removed the same day Dave Schrader, life insurance man, paid the Dispatch office an old-time fraternal visit and left two good pork roasts as presents. The Dispatch is now in a position to state unreservedly and unqualifiedly that Mr. Schrader raises the best pork in Crow Wing county on his farm near Merrifield.

True Version of Cinderella.

Cinderella never had a glass shoe. This is sad but true. The pretty story of the Cinder Girl came from the French and the author made Cinderella wear a "pantoufle en vair," a slipper made of "vair," a word which means fur. There is a French word "verre" which means glass, and the translator mistook "vair" for "verre" and consequently history records Cinderella as wearing a glass slipper.

At the Best Tomorrow

At the Best Today

Did you know that the American flag should be lowered after sunset? Little Dorothy Grant, the patriotic and charming heroine of "Her Country First," the latest Paramount picture in which Vivian Martin is starred, knew it when she found the national banner floating from the upper window of her home after the appointed time. She rushed to her father and cried:

"Father, do you realize that the Emblem of my Country and yours is floating in the breeze—after sunset?"

Then she sprang to the window, crawled outside at the risk of her life and lowered the flag.

This Paramount picture will be shown at the Best theatre today. It is taken from one of Mary Roberts Rinehart's most famous stories and affords winsome Vivian Martin excellent chance to display her charm and acting skill, and it is one of the best vehicles the fascinating little star has ever had.

He warned that "this is not the last war; we don't want discontented men in this country."

BEWARE OF TAX EXPERTS

A warning against "Fake Experts" on income tax has been sounded by the Internal Revenue Bureau, in a statement received by Collector Lynch from Commissioner Daniel C. Roper.

"Business houses and individual taxpayers are being canvassed this year by numerous so-called 'income tax experts,' who offer to use their magic wands of income wisdom to relieve the busy taxpayer from all worries about his tax responsibilities.

"I desire to make public announcement, for the information of taxpayers, that investigation of the qualifications of many of these 'experts' will disclose the fact that very few have had the training and experience that would place them anywhere near the expert class.

"Some of them were formerly temporary employees of the government who are attempting to capitalize this fact regardless of their personal knowledge of the revenue laws and regulations. Others are soliciting clients on the strength of diplomas as income tax experts obtained after taking long-distance courses by means of printed instructions of doubtful value.

"Taxpayers should not allow them-

selves to be imposed upon by strangers who claim to be income tax experts. They should discriminate carefully between really helpful, authoritative advice in tax matters, and the irresponsible brand peddled under glittering pretenses.

"The bureau is arranging to furnish for the benefit of income tax payers in every city and town in the country, a free advisory service by trained collectors, agents, inspectors and deputies. At the office of Collectors and their deputies, and at other central points, free information and advice with respect to filing returns under the new revenue bill may be had up to the final date for filing such returns."

AN OBJECTIONABLE ADV.

The Dispatch is in receipt of a communication signed "Subscriber" in which objection is made to the language used in an ad recently appearing in the Daily Dispatch. As the communication was not signed, it will not be published, but we wish to state for the benefit of "Subscriber" that we wholly agree with him in the criticisms made of the adv., and had we read the proof on it before it appeared we certainly would not have printed it without changing it in several places. It apparently is an adv. gotten out by an advertising service, one not written for this particular community, but at best it was coarse, and insulting in any community, and we exceedingly regret that we permitted it to appear. Had we had any idea of its contents we certainly should not, and will be more careful in the future.

BRITISH STRIKE GROWS

General Walkout Spreads Until 250,000 Quit Work.

Shipbuilding, Coal Mining and Allied Industries Tied Up In Several Districts.

London, Jan. 30.—Thousands of workers are joining the general strike in Great Britain and Ireland. It is expected that every class of labor will be involved soon.

Thirty thousand more joined the strike in the Glasgow district, making a total of 70,000 out there. Business in Belfast remained at a standstill. Nearly 250,000 laborers had walked out in various parts of the country, completely tying up shipbuilding and crippling coal mining and allied industries.

Miners in sympathetic strike. Miners in many of the collieries in west Scotland have struck in sympathy with the men at Clyde. This action was taken despite their leaders' protests.

A strike conference at Glasgow attended by delegates from all parts of Scotland as well as Grimsby, Rugby and London, decided to support the strike committee and to submit to the government proposals for a settlement on a basis of a 40-hour week.

Labor Leaders Assailed.
Weakness and subordination of convictions to their personal interests is charged against many of the trades union leaders by Food Controller George H. Roberts. He says this is one of the chief causes of the present "anarchy" in the industrial circles of Great Britain.

NOT ENOUGH JOBS
FOR THE SOLDIERS

PLAN TO GIVE THE RETURNED FIGHTERS EMPLOYMENT ON HIGHWAYS COMING UP.

OREGON ADOPTS THAT IDEA

Congress May Be Asked to appropriate at Least \$100,000,000 for the Purpose—Extra Session Seems to Be Inevitable.

By ARTHUR W. DUNN.

Washington.—Employment for the returning soldiers is growing to be more of a problem than the country realized. It was assumed that nearly every soldier who enlisted or was drafted would upon his return and discharge be re-employed in the same position which he had left. But such is not the case and there are hundreds of thousands of soldiers who will be out of employment. Senator Chamberlain read a telegram in the senate the other day showing that the state legislature of Oregon had appropriated \$100,000 for the relief of discharged soldiers and sailors and appointed a commission to take care of them. It was proposed by that commission to find employment for as many as possible upon the highways, making good roads.

The proposition to utilize the soldiers who are out of employment upon the highways of the country has been suggested several times. Senator Swanson of Virginia, who when governor of that state did so much for the

improvement of highways, has given a great deal of attention to the subject since he has been in the senate. He is now at work upon a comprehensive plan which proposes not only to afford employment for hundreds of thousands of returned soldiers, but others who are likely to be out of employment on account of the changed conditions resulting from the end of the war. When congress appropriates \$100,000,000 to feed the starving people of Europe it would no doubt appropriate double that amount to give employment to the soldiers and other people who are seeking a livelihood in this country. If that amount could be expended upon the roads of the country it would accomplish a double purpose. One of the bills which Senator Swanson prepared and was urging before the war changed all conditions in this country wing to spend from 25 to 50 million dollars a year of government money on roads, but in view of the necessity which confronts the country now in the way of furnishing employment for the discharged soldiers, it is possible congress may be induced to spend at least \$100,000,000 in the way of road improvements, at the same time furnishing employment for those who are going to be in dire need.

Whether the administration wants it or whether congress wants it, it seems that an extra session is inevitable in order to pass the regular appropriation bills. It is believed that the president would prefer not to have a Republican congress carrying on investigations of various sorts and making many inquiries of the administration as to why it does thus and so. With the Republicans in power in both senate and house they may become somewhat annoying. At the same time President Wilson's position is such that he can ignore anything except direct opposition to his policies, and as to these he will no doubt rely upon the force of public opinion to support him. However, it has been impossible for this session of congress to clear up all of the big problems that have been brought forward by the war, and even if the appropriation bills could be passed it would be necessary for an extra session to enact legislation of a reconstructive character.

Vice President Marshall is of the opinion that he could write rules for the senate which would not in the least restrict legitimate debate upon any measure that might be taken up, and yet would enable the senate to transact all its business with three days' session each week. One of the rules Marshall would make would be to confine debate strictly to the subject under consideration. The vice president has other changes in mind, but the mere fact that he proposes that particular change will bar him forever from having anything to say about making rules for the senate and he will continue to administer the rules as they are written.

There was one statement during the memorial exercises in the senate for the late Senator Gallinger which might be applied to many other "old timers" in congress. It was part of the speech of Senator Hollis of New Hampshire. "I think Senator Gallinger was frankly puzzled," he said, "at the era of change and reform in which he spent his declining years. I used to see him in the senate gazing at some colleague whom he believed to be honest, wondering how any intelligent man could utter such foolishness." Nowhere can there be found a better example of the struggle between the conservatism of age and the radical ideas of youth than in congress, and youth has been winning lately.

Masculine Styles Decried.

Atlantic City, N. J., Jan. 31.—The "inspirational" in men's raiment was decried for 1919 by the National Association of Merchant Tailors in session here. To be more explicit and to use their own words: "Masculine styles for the ensuing 12 months are to be sprightly without conspicuousness, dashing without verging on extremes, youthful in temperament and inspirational." Furthermore, men who have worn flannels heretofore as "recreational raiment" must give 'em up.

Honor American Womanhood.

With the American Army of Occupation, Jan. 31.—A movement to erect in Washington, D. C., a monument to "American womanhood in commemoration to her loyalty, sacrifices and devotion to the American expeditionary forces" has been started by the Third American army. Letters suggesting the idea were written recently to all the commanding officers of the Third army by Col. E. St. J. Greble, Jr., commander of the Seventy-sixth field artillery, Third division.

Army Aviation Plans.

Washington, Jan. 31.—Army aviation plans presented to the House Military committee, call for the use during the year beginning next July of about one-fifth of the airplanes now owned by the War department. Major Lyon of the aircraft service said in the proposed army of 500,000 men, the aircraft program called for 2,000 officers and 22,000 men and that this force expected to operate 1,003 planes with an equal number in reserve for replacement.

Americans Enjoy Good Health.

Lansing, Mich., Jan. 30.—The general health, discipline and morale of the American troops in Russia is good, according to a cablegram received by Governor Sleeper from President Wilson. It was sent in reply to a cable from the governor asking the President for assurances that Michigan troops were not suffering. The President's statement is based on a report made by Colonel Stewart, commanding the American troops in Russia. A complete inspection tour was made by Colonel Stewart.

BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses twice the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial proves it.

The Creeping Barrage

Like the shadow on the earth of a cloud crossing the sun, the creeping barrage went forward. From artillery, miles back, the shells dropped death on the German trenches.

Behind the protecting curtain the Yanks advanced, bayonets ready, grenades in hand. Above, a bombing aeroplane darted like an angry wasp through the reek of battle.

Now you are in the midst of it with an American boy. Now you are back of the German lines where the girl he loves is in peril.

The Yanks are coming! But will they reach her in time? It's a moment of terrific suspense!

For the first time in motion pictures you are taken into the line back of a creeping barrage. For the first time you charge side by side with the army of Yanks over No Man's Land.

It shows you why the German had to quit.

Robert Harron is the American boy. Lillian Gish is the girl. You saw them in those wonderful D. W. Griffith pictures "The Birth of a Nation," "Intolerance," "Hearts of the World" and "The Great Love."

The producer? That's easy. Of course it's another D. W. Griffith production.

BEWARE OF TAX EXPERTS

A warning against "Fake Experts" on income tax has been sounded by the Internal Revenue Bureau, in a statement received by Collector Lynch from Commissioner Daniel C. Roper.

"Business houses and individual taxpayers are being canvassed this year by numerous so-called 'income tax experts,' who offer to use their magic wands of income wisdom to relieve the busy taxpayer from all worries about his tax responsibilities.

"I desire to make public announcement, for the information of taxpayers, that investigation of the qualifications of many of these 'experts' will disclose the fact that very few have had the training and experience that would place them anywhere near the expert class.

"Some of them were formerly temporary employees of the government who are attempting to capitalize this fact regardless of their personal knowledge of the revenue laws and regulations. Others are soliciting clients on the strength of diplomas as income tax experts obtained after taking long-distance courses by means of printed instructions of doubtful value.

"Taxpayers should not allow them-

selves to be imposed upon by strangers who claim to be income tax experts. They should discriminate carefully between really helpful, authoritative advice in tax matters, and the irresponsible brand peddled under glittering pretenses.

"The bureau is arranging to furnish for the benefit of income taxpayers in every city and town in the country, a free advisory service by trained collectors, agents, inspectors and deputies. At the office of Collectors and their deputies, and at other central points, free information and advice with respect to filing returns under the new revenue bill may be had up to the final date for filing such returns."

AN OBJECTIONABLE ADV.

The Dispatch is in receipt of a communication signed "Subscriber" in which objection is made to the language used in an ad recently appearing in the Daily Dispatch. As the communication was not signed, it will not be published, but we wish to state for the benefit of "Subscriber" that we wholly agree with him in the criticisms made of the adv., and had we read the proof on it before it appeared we certainly would not have printed it without changing it in several places. It apparently is an adv. gotten out by an advertising service, one not written for this particular community, but at best it was coarse, and insulting in any community, and we exceedingly regret that we permitted it to appear. Had we had any idea of its contents we certainly should not, and will be more careful in the future.

BRITISH STRIKE GROWS

General Walkout Spreads Until 250,000 Quit Work.

Shipbuilding, Coal Mining and Allied Industries Tied Up In Several Districts.

London, Jan. 30.—Thousands of workers are joining the general strike in Great Britain and Ireland. It is expected that every class of labor will be involved soon.

Thirty thousand more joined the strike in the Glasgow district, making a total of 70,000 out there. Business in Belfast remained at a standstill. Nearly 250,000 laborers had walked out in various parts of the country, completely tying up shipbuilding and crippling coal mining and allied industries.

Miners in Sympathetic Strike. Miners in many of the collieries in west Scotland have struck in sympathy with the men at Clyde. This action was taken despite their leaders' protests.

A strike conference at Glasgow attended by delegates from all parts of Scotland as well as Glasgow, Rugby and London, decided to support the strike committee and to submit to the government proposals for a settlement on a basis of a 40-hour week.

Labor Leaders Assailed. Weakness and subordination of convictions to their personal interests is charged against many of the trades union leaders by Food Controller George H. Roberts. He says this is one of the chief causes of the present "anarchy" in the industrial circles of Great Britain.

NOT ENOUGH JOBS
FOR THE SOLDIERS

PLAN TO GIVE THE RETURNED FIGHTERS EMPLOYMENT ON HIGHWAYS COMING UP.

OREGON ADOPTS THAT IDEA

Congress May Be Asked to appropriate at Least \$100,000,000 for the Purpose—Extra Session Seems to Be Inevitable.

By ARTHUR W. DUNN.

Washington.—Employment for the returning soldiers is growing to be more of a problem than the country realizes. It was assumed that nearly every soldier who enlisted or was drafted would upon his return and discharge be re-employed in the same position which he had left. But such is not the case and there are hundreds of thousands of soldiers who will be out of employment. Senator Chamberlain read a telegram in the senate the other day showing that the state legislature of Oregon had appropriated \$100,000 for the relief of discharged soldiers and sailors and appointed a commission to take care of them. It was proposed by that commission to find employment for as many as possible upon the highways, making good roads.

The proposition to utilize the soldiers who are out of employment upon the highways of the country has been suggested several times. Senator Swanson of Virginia, who when governor of that state did so much for the

improvement of highways, has given a great deal of attention to the subject since he has been in the senate. He is now at work upon a comprehensive plan which proposes not only to afford employment for hundreds of thousands of returned soldiers, but others who are likely to be out of employment on account of the changed conditions resulting from the end of the war. When congress appropriates \$100,000,000 to feed the starving people of Europe it would no doubt appropriate double that amount to give employment to the soldiers and other people who are seeking a livelihood in this country. If that amount could be expended upon the roads of the country it would accomplish a double purpose. One of the bills which Senator Swanson prepared and was using before the war changed all conditions in this country was to spend from 25 to 30 million dollars a year of government money on roads, but in view of the necessity which confronts the country now in the way of furnishing employment for the discharged soldiers, it is possible congress may be induced to spend at least \$100,000,000 in the way of road improvements, at the same time furnishing employment for those who are going to be in dire need.

Whether the administration wants it or whether congress wants it, it seems that an extra session is inevitable in order to pass the regular appropriation bills. It is believed that the president would prefer not to have a Republican congress carrying on investigations of various sorts and making many inquiries of the administration as to why it does this and so. With the Republicans in power in both senate and house they may become somewhat annoying. At the same time President Wilson's position is such that he can ignore anything except direct opposition to his policies, and as to these he will no doubt rely upon the force of public opinion to support him. However, it has been impossible for this session of congress to clear up all of the big problems that have been brought forward by the war, and even if the appropriation bills could be passed it would be necessary for an extra session to enact legislation of a reconstructive character.

Vice President Marshall is of the opinion that he could write rules for the senate which would not in the least restrict legitimate debate upon any measure that might be taken up, and yet would enable the senate to transact all its business with three days' session each week. One of the rules Marshall would make would be to continue debate strictly to the subject under consideration. The vice president has other changes in mind, but the mere fact that he proposes that particular change will bar him forever from having anything to say about making rules for the senate and he will continue to administer the rules as they are written.

There was one statement during the memorial exercises in the senate for the late Senator Gallinger which might be applied to many other "old timers" in congress. It was part of the speech of Senator Hollis of New Hampshire. "I think Senator Gallinger was frankly puzzled," he said, "at the era of change and reform in which he spent his declining years. I used to see him in the senate gazing at some colleague whom he believed to be honest, wondering how any intelligent man could utter such foolishness." Nowhere can there be found a better example of the struggle between the conservation of age and the radical ideas of youth than in congress, and youth has been winning lately.

DEATH FOLLOWS LOSS OF HIS SON

Judge W. H. Mantor Commits Act of Shooting Self in Fit of Insanity at His Home

SON BURIED ON WEDNESDAY

Mr. Mantor had Idolized Son Guilford, and His Loss Unsettled His Mind, Causing Tragedy

Crazed over the loss of his son, Guilford G. Mantor, of Ironwood, Michigan, who was buried at Brainerd Thursday, Judge W. H. Mantor this Friday morning shot and killed himself in the basement of his home.

He had been feeling depressed for some time and the sudden death of his son, whom he had idolized, unsettled his reason and culminated in the rash act. He was found near the furnace of his home, where he had gone at about 7 o'clock in the morning. A 12-gauge shotgun pressed his bosom and he swayed as he stood. Still breathing, he was removed to a cot, but died shortly after.

Cowrades who had hunted with him in days gone by over marshes and moors near Brainerd, removed the body to the undertaker.

The tragedy shocked Brainerd as the kindly judge had lived in the city over thirty years. One of the oldest and ablest lawyers in the city he had first been in partnership with Judge W. S. McClenahan, later with Senator S. F. Alderman, then with F. E. Ebner and then in business alone.

He was at various times a deputy sheriff, then city attorney, judge of the municipal court, attorney of school board and charter commission. Of a kindly, friendly nature, he had many friends.

He leaves a wife, and two sons, Maurice and George, both of whom are in France. Maurice in the U. S. navy and George in the U. S. army. The shock has prostrated Mrs. Mantor.

As related by the family, Mrs. Mantor was awakened by a noise and found that Mr. Mantor had left the bedroom. She arose and looked in the bath room and did not find him and then looked in the furnace room. She presumed the noise had been made by the furnace. Examining more closely in the basement she found Mr. Mantor standing near the same and she gave the alarm.

Neighbors assisted her, Dr. J. A. Thabes was called and everything possible done for the wounded man, but he died in a very few minutes after the shot had been heard.

Coroner C. A. Nelson viewed the remains and said death resulted from a self-inflicted wound.

Judge Mantor was about 65 years old. In his early life he was a sailor on the Atlantic. Later he gave up the sea and settled down, entered the University of Wisconsin at Madison and worked his way unaided through college and gained his degree.

He came to Brainerd in 1884 and was first treasurer at the local freight office of the Northern Pacific railway. When Henry Spalding was sheriff he appointed him deputy. Mr. Mantor entered the law office of Judge W. S.

McClenahan and after some months entered a partnership, McClenahan & Mantor, shortly after Judge G. W. Holland was elected on the bench.

Later Mr. McClenahan was elected judge of the district court, in about 1900. Mr. Mantor then practiced his profession alone until January, 1902, and entered a partnership with Senator S. F. Alderman. A year or two previously Mr. Mantor had been named municipal judge of Brainerd and he resigned the position when he entered partnership with Mr. Alderman. Their relations as partners were ideal, not a single disagreement or argument marking their years of association. F. E. Ebner then entered the firm and it continued as Alderman, Mantor & Ebner until 1912 when Mr. Alderman withdrew. The firm was then Mantor & Ebner until last year when Mr. Mantor withdrew and continued to exercise his profession alone.

Mr. Mantor excelled as a counselor and was recognized as the leading attorney on contracts, wills, land titles and abstracts. Extreme carefulness and attention to details marked all his work.

He was a great hunter and held membership in the Brainerd Gun club. Regularly every year he and a number of hunting companions enjoyed the duck shooting.

Mr. Mantor belonged to the Elks lodge and faithfully subscribed to all their teachings and practiced their precepts. He aided many in distress and his kindly words did much to cheer many hearts.

He took a great interest in the Dispatch and was pleased to follow the printing of the paper and anxious to be the first to scan the paper. Realizing the trials of getting news in a city like Brainerd, he often praised the workers and never censured them if some mistake crept in the type.

To the family is extended the deepest sympathy of the community at their sad bereavement.

Smoker, However, Will Follow Regular Session Chamber of Commerce

The dinner to have been given by the Chamber of Commerce, Monday evening, February 3rd, has been postponed until later in the month. The House and Social committee has not as yet organized and Chairman O. A. Peterson, suggested that the dinner be put over for a time.

The regular meeting of the club, however, will be held Monday evening and as this is a very important meeting, every member is urged to attend. A smoker will follow the regular session.

The club plans to have a ladies' night for the benefit of members and their ladies early in February. An announcement as to the date will be made later.

CORP. F. N. SEWELL ON MANY CONVOYS

In Letter to His Mother, Mrs. J. S. Sewell, Describes Experiences in France

RECEIVED XMAS BOX ON TIME

Convoy to Paris Lasts Two Weeks, Praise for the Beds in France, Hard to Get Out of

Corporal Frederick N. Sewell, Brainerd boy, writing from Paris to his mother, Mrs. J. S. Sewell, now living at 1811 1st Ave. S. Minneapolis, describes the conveying they are engaged in in France as follows: La Pallice, France, Dec. 19, 1918.

Dear Mother:

My letters are getting far between. We just pulled in last night from a two weeks' convoy to Paris. I hope when we go again it will be to Germany, we are all anxious to get there. I am having a chance to see some of the country now, my duties are light now, as I have charge of a motor supply train, these trips are fine, but expensive as we don't feel like eating cold meals when we can get warm ones, after driving all day and perhaps in the rain. We don't feel like sleeping any old place when we can get a good bed by paying for it.

Last night we stayed at a Red Cross hospital and had good beds, that is one thing that France has. The only thing is that they are hard to get out of in the morning. All praise for the Red Cross and the Y. M. C. A. as we get accommodations whether we have the money or not.

Mama I started this letter on the 19th and now it is Xmas eve, and I got my box and letter from you tonight and don't know how to thank you for the box as it was from mama and I certainly did appreciate the contents.

What do you know about this? We just received orders to pull out at 6 o'clock tomorrow morning on another convoy. No Xmas dinner for us this year.

Mama don't look for me home before next summer as there is a lot of work to be done over here.

I will close for this time hoping to hear from you again soon.

With lots of love,

FRED.

Poisonous Waste Causes Sickness

When the kidneys are well they filter waste matter from the blood. When sluggish or overworked, the kidneys fail to clean the blood, and poisonous substances lodge in joints and muscles to cause aches, pains and soreness. DEATH FOLLOWS LOSS OF HIS SON

Judge W. H. Mantor Commits Act of Shooting Self in Fit of Insanity at His Home

SON BURIED ON WEDNESDAY

Mr. Mantor had Idolized Son Guilford, and His Loss Unsettled His Mind, Causing Tragedy

Crazed over the loss of his son, Guilford G. Mantor, of Ironwood, Michigan, who was buried at Brainerd Thursday, Judge W. H. Mantor this Friday morning shot and killed himself in the basement of his home.

He had been feeling depressed for some time and the sudden death of his son, whom he had idolized, unsettled his reason and culminated in the rash act. He was found near the furnace of his home, where he had gone at about 7 o'clock in the morning. A 12-gauge shotgun stood his bosom and he swayed as he stood. Still breathing, he was removed to a cot, but died shortly after.

Comrades who had hunted with him in days gone by over marshes and moors near Brainerd, removed the body to the undertaker.

The tragedy shocked Brainerd as the kindly judge had lived in the city over thirty years. One of the oldest and ablest lawyers in the city he had first been in partnership with Judge W. S. McClenahan, later with Senator S. F. Alderman, then with F. E. Ebner and then in business alone.

He was at various times a deputy sheriff, then city attorney, judge of the municipal court, attorney of school board and charter commission. Of a kindly, friendly nature, he had many friends.

He leaves a wife, and two sons, Maurice and George, both of whom are in France, Maurice in the U. S. navy and George in the U. S. army. The shock has prostrated Mrs. Mantor.

As related by the family, Mrs. Mantor was awakened by a noise and found that Mr. Mantor had left the bedroom. She arose and looked in the bath room and did not find him and then looked in the furnace room. She presumed the noise had been made by the furnace. Examining more closely in the basement she found Mr. Mantor standing near the same and she gave the alarm.

Neighbors assisted her, Dr. J. A. Thabes was called and everything possible done for the wounded man, but he died in a very few minutes after the shot had been heard.

Coroner C. A. Nelson viewed the remains and said death resulted from a self-inflicted wound.

Judge Mantor was about 65 years old. In his early life he was a sailor on the Atlantic. Later he gave up the sea and entered down, entered the University of Wisconsin at Madison and worked his way unaided through college and gained his degree.

He came to Brainerd in 1884 and was first treasurer at the local freight office of the Northern Pacific railway when Henry Spaulding was sheriff he appointed him deputy. Mr. Mantor entered the law office of Judge W. S.

McClenahan and after some months entered a partnership, McClenahan & Mantor, shortly after Judge G. W. Holland was elected on the bench.

Later Mr. McClenahan was elected Judge of the district court, in about 1900. Mr. Mantor then practiced his profession alone until January, 1902, and entered a partnership with Senator S. F. Alderman. A year or two previously Mr. Mantor had been named municipal judge of Brainerd and he resigned the position when he entered partnership with Mr. Alderman. Their relations as partners were ideal, not a single disagreement or argument marking their years of association. F. E. Ebner then entered the firm and it continued as Alderman, Mantor & Ebner until 1912 when Mr. Alderman withdrew. The firm was then Mantor & Ebner until last year when Mr. Mantor withdrew and continued to exercise his profession alone.

Mr. Mantor excelled as a counselor and was recognized as the leading attorney on contracts, wills, land titles and abstracts. Extreme carefulness and attention to details marked all his work.

He was a great hunter and held membership in the Brainerd Gun club. Regularly every year he and a number of hunting companions enjoyed the duck shooting.

Mr. Mantor belonged to the Elks lodge and faithfully subscribed to all their teachings and practiced their precepts. He aided many in distress and his kindly words did much to cheer many hearts.

He took a great interest in the Dispatch and was pleased to follow the printing of the paper and anxious to be the first to scan the paper. Realizing the trials of getting news in a city like Brainerd, he often praised the workers and never censured them if some mistake crept in the type.

To the family is extended the deepest sympathy of the community in their sad bereavement.

DINNER IS POSTPONED

Smoker, However, Will Follow Regular Session Chamber of Commerce

The dinner to have been given by the Chamber of Commerce, Monday evening, February 3rd, has been postponed until later in the month. The House and Social committee has not as yet organized and Chairman O. A. Peterson, suggested that the dinner be put over for a time.

The regular meeting of the club, however, will be held Monday evening and as this is a very important meeting, every member is urged to attend. A smoker will follow the regular session.

The club plans to have a ladies night for the benefit of members and their ladies early in February. An announcement as to the date will be made later.

HOUSE IS CROWDED

First Night of Firemen's Benefit at Opera House Takes Well, all Enjoyed Pictures

The first night of the Firemen's benefit at the opera house, when "The Greatest Thing in Life" was presented, drew a house that taxed the capacity of the Park theatre.

D. W. Griffith has scored another success with his film story of the great war and the pictures, especially of the barrage, were wonderful. Interwoven is a love story of absorbing interest.

The "Great Thing in Life" will be repeated this afternoon matinee and evening performance.

ROLL OF HONOR

Lieut. Raymond C. Rose, a son of Charles Rose, formerly of Brainerd, writes from Bismarck, N. D., that he has received his discharge from the U. S. army at San Juan, Porto Rico and has been appointed to a position with the U. S. Department of Agriculture. He will have charge of the barberry eradication work in the state of North Dakota, by means of which it is expected to greatly reduce rust in that section.

Ralph Paine, who was wounded in the hip in France, returned home on Wednesday. He had been in the army sixteen months and went to France in July.

J. F. Harper, 416 Navarre St., San Antonio, Tex., writes: "I consider Foley's Kidney and Bladder Pills the best cough remedy on the market. I know whereof I speak, having tried it my own family. My remedy acts quickly and relief is permanent." Good for colds, coughs, croup. Contains no opiates. H. P. Dunn, druggist. mwf

RIVERTON

Riverton, Minn., Jan. 29—Miss Jennie McMahon and Charles Coble were married at Riverton, the couple being attended by James Stoljis and Miss Beatrice McMahon, a sister of the bride.

Poisonous Waste Causes Sickness

When the kidneys are well they filter waste matter from the blood. When sluggish or overworked, the kidneys fail to clean the blood, and poisonous substances lodge in joints and muscles to cause aches, pains and soreness. Foley's Kidney Pills strengthen, act quickly and relieve kidney and bladder trouble. H. P. Dunn, druggist. mwf

ALLIES OUTLINE FOOD PROGRAM

Germany Will Be Allowed Six Million Bushels of Breadstuffs a Month.

CASH BASIS REQUIRED

Herbert C. Hoover Cables From Europe That All Surplus American Wheat Can Be Disposed of Abroad.

New York, Jan. 31.—Germany will be allowed about 6,000,000 bushels of breadstuffs a month, mostly from the United States, under the general food program outlined by the Allies, if she can pay for it, according to a detailed statement of foreign grain requirements cabled by Herbert C. Hoover to Julius H. Barnes, president of the United States Grain corporation, and made public here.

Between now and July 1, the statement said, France and Italy will take 80,000,000 bushels of wheat and flour from the grain corporation, while the Allied governments will take also about 75,000,000 bushels of oats.

If restrictions are removed on cereal imports to European neutrals they will require about 60,000,000 bushels of wheat, rye or barley, in grain or flour to bring their bread consumption to normal, mostly from the United States.

Can Dispose of All Wheat.

"As we have already shipped from the United States over 150,000,000 bushels of wheat or flour, the Grain corporation will easily dispose of all wheat, with perhaps a small carry-over, if any, at the next harvest," the cable said.

"The basis of price of all these wheat sales included not only the basic prices paid to the farmer, but handling and storage expenses of the Grain corporation. The Grain corporation is, therefore, in a strong position because farm sales are about equal to its stock on hand and its available \$150,000,000 capital and the corporation will emphatically maintain the 1918 guaranty for which purpose it was created.

Pork Products for Germany.

"The Supreme Food council, under military advice, has granted Germany the right to import 150,000,000 pounds of pork products per month as soon as she arranges payment and shipping. This and neutral demand should overtake any surplus of these products in two months after being started, in fact, by peace there will be a shortage in pork production.

"The re-establishment of new markets and normal trading during armistice is slow and difficult. In order to get over many of the difficulties of trading in flour and wheat during the period of the armistice, the Grain corporation is establishing stocks for sale at Rotterdam, Trieste, Constantinople and other points as large an extent as the Shipping board can furnish tonnage."

CABINET TO IGNORE STRIKE

Labor Unions Are Not Supporting British Walkout.

London, Jan. 31.—The cabinet met to discuss the labor troubles. It is understood that the ministers decided against intervening at present in the strikes on the ground that they have not been authorized by the trade unionists and that, therefore, intervention would be unwise. It is the view of the ministers that the men, in the absence of the usual strike pay, are not likely long to keep up the movement and that the government therefore should confine its action to preserving order.

Buffalo, N. Y., Jan. 31.—Major Henry Leonard told the members of the New York State Breeders' Association at their annual meeting here that the American cavalry remount in Europe had been a failure.

"This is an open secret now that the war is over," he said. "The Quartermaster's department reports verify the statement. The government maintained its artillery remount service at high efficiency, but failed to keep the cavalry properly mounted."

SENATE PASSES WAR BILL

Measure Provides for Settlement of War Contracts.

Washington, Jan. 31.—Legislation designed to validate and permit settlement of informal war contracts aggregating several billion dollars was sent to conference by the senate, which without a record vote passed the military committee's substitute for the measure recently passed by the house.

Mission Is Instructed.

Paris, Jan. 31.—The Allied commission to Poland appointed by the peace bureau has received its instructions. These can be summarized as follows: "The Poles are fighting. Get them down to business." The commissioners traveling by way of Germany, are expected to reach Poland in a day or two and begin the somewhat difficult task of pacifying the Poles, Bohemians and other nationalities, at whom the recent mandate regarding fighting during the peace conferences was partially directed.

Estate of John M. Mahlum. State of Minnesota, County of Crow Wing. In Probate Court.

In the Matter of the Estate of John M. Mahlum, Decedent.

The State of Minnesota to all persons interested in the granting of administration of the estate of said decedent: The petition of Mons Mahlum, having been filed in this court, representing that John M. Mahlum, then a resident of the County of Crow Wing, State of Minnesota, died intestate on the 22nd day of December, 1918, and praying that letters of administration of his estate be granted to him, the said Mons Mahlum, and the court having fixed the time and place for hearing said petition; Therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this court at the Probate Court Rooms in the Court House in the City of Brainerd in the County of Crow Wing, State of Minnesota, on the 3rd day of February 1919, at ten o'clock A. M., why said petition should not be granted.

Witness, the Judge of said Court, and the Seal of said Court, this 9th day of January, 1919.

J. T. SANBORN, Probate Judge.

DODGE BROTHERS FARMERS CAR

Dodge Brothers offer their Farmers Car to the farmer as an investment on which he can make money.

The only way in which a car can be made to earn a profit on the farm is by stand, everyday, low-cost service.

It must give more than just an easy way of getting to town and back.

It must pay its own way by doing all the odd hauling, cheaper and quicker than ever before.

With Dodge Brothers Farmers Car

the farmer can accurately judge in the beginning what this cost will be. He can depend upon a very low outlay for gasoline, oil and tires.

Except in case of accident or abuse, he may be certain that repairs will be few and simple.

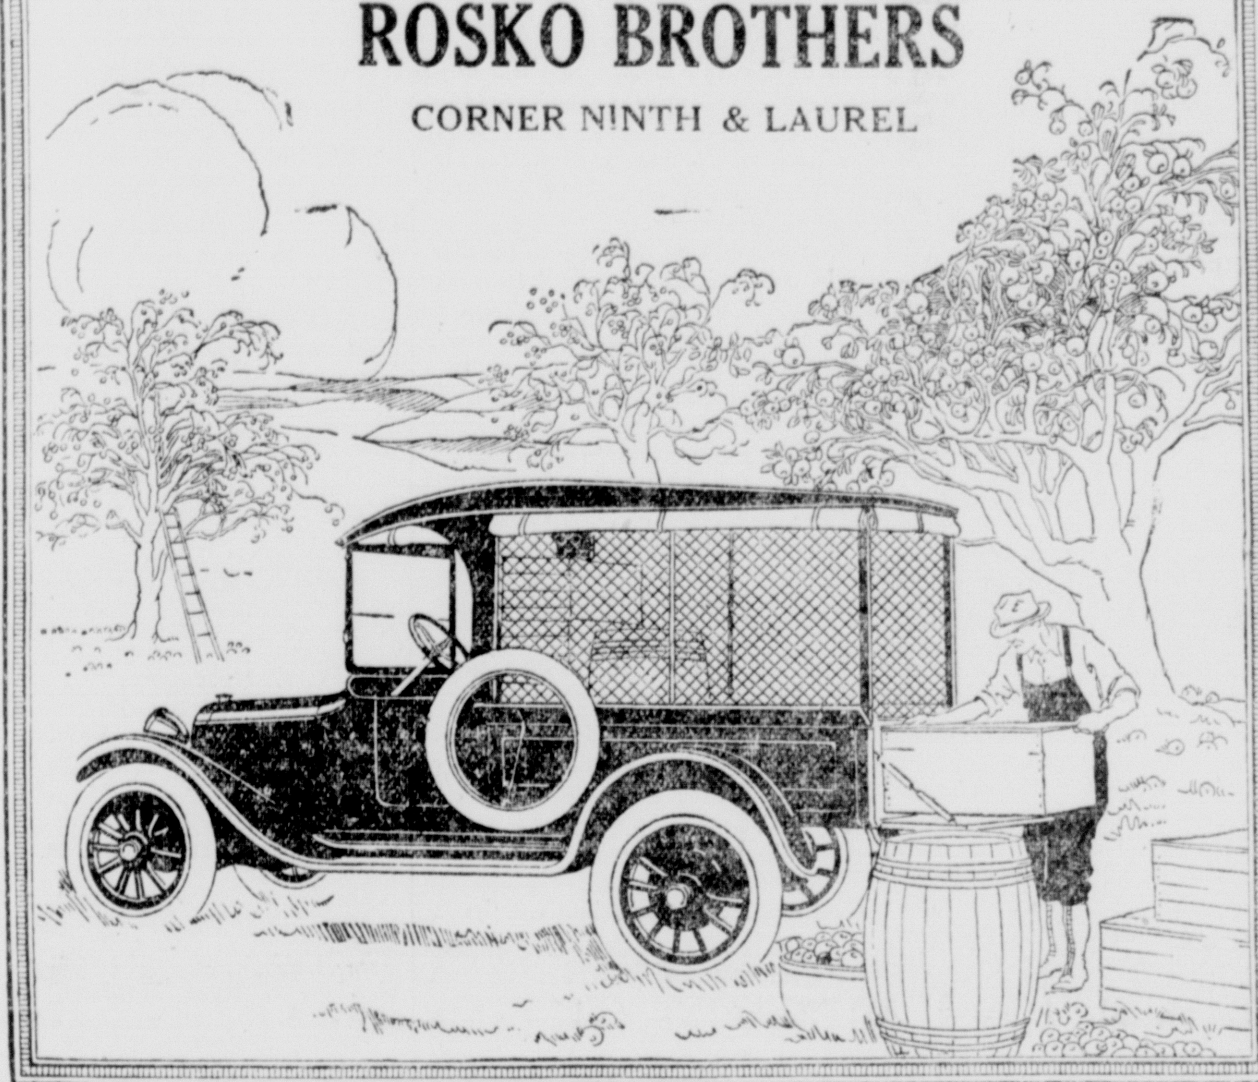

Farmers realize now that they do not require speed alone, but speed and durability combined with economy.

Dodge Brothers offer this Farmers Car to farmers as a method of hauling which unites these qualities.

It will pay you to visit us and examine this car. The hauling cost is unusually low.

New Note in Street Music.

A new note in street music is struck in the Strand, where a performer on a piano-organ exhibits a placard stating that he is an ex-convict who has done four years. There are also statements as to police supervision and the instrumentalist's desire to do well; and, as a guarantee of good faith, the placard concludes with the address of his firm of solicitors and of his medical attendant.—London Chronicle.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grippe, as it opens the pores of the skin, relieves congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

DODGE BROTHERS FARMERS CAR

Dodge Brothers offer their Farmers Car to the farmer as an investment on which he can make money.

The only way in which a car can be made to earn a profit on the farm is by steady, everyday, low-cost service.

It must give more than just an easy way of getting to town and back. It must pay its own way by doing all the odd hauling, cheaper and quicker than ever before.

With Dodge Brothers Farmers Car

the farmer can accurately judge in the beginning what this cost will be. He can depend upon a very low outlay for gasoline, oil and tires.

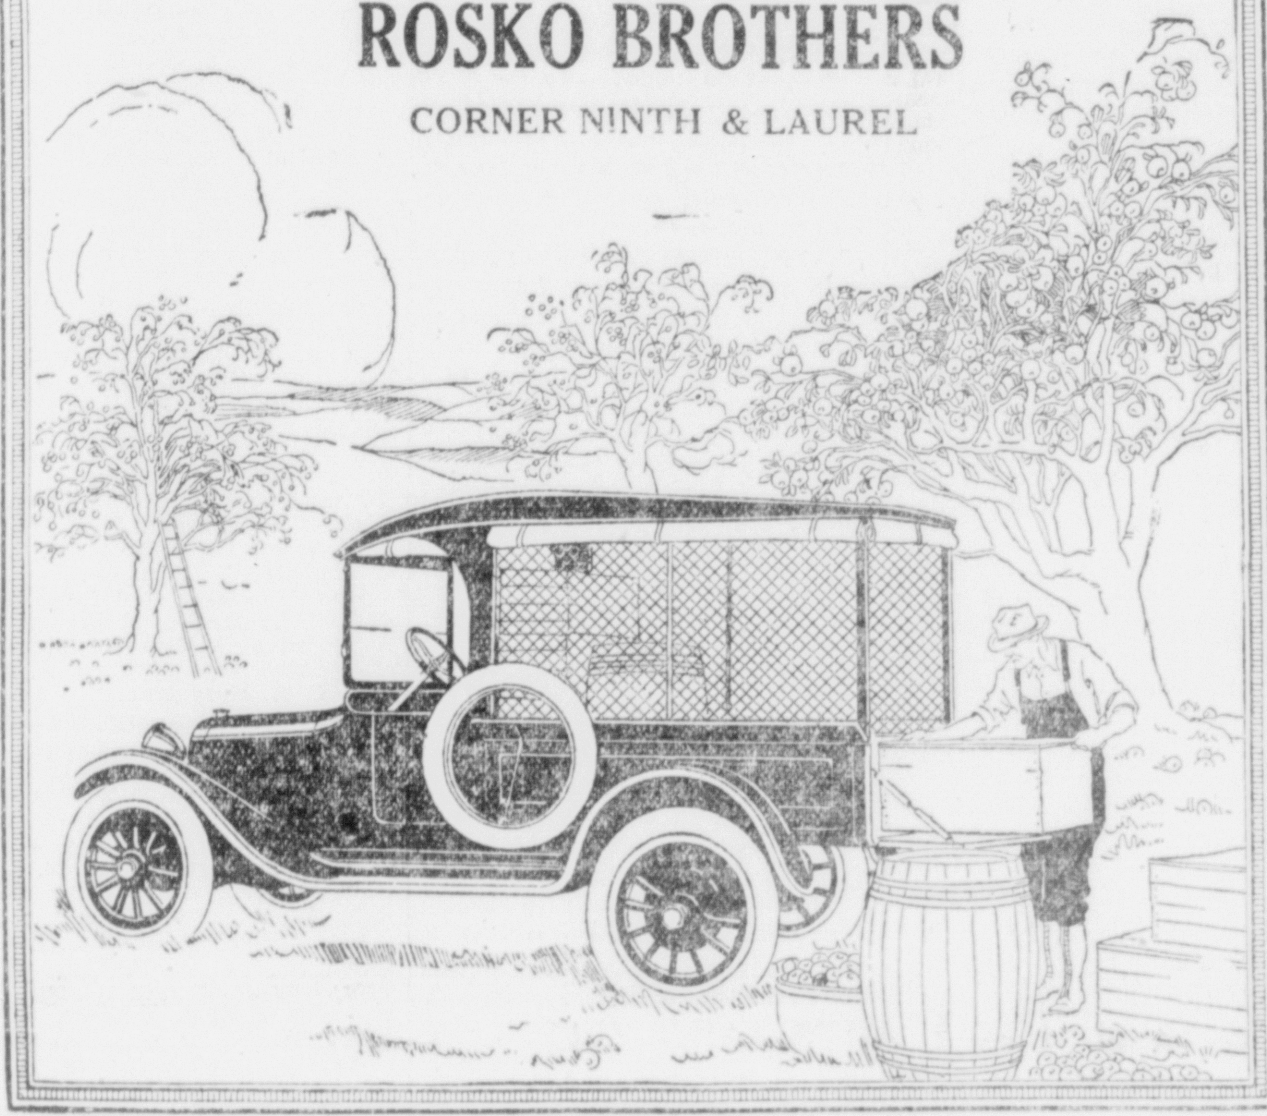

Except in case of accident or abuse, he may be certain that repairs will be few and simple.

Farmers realize now that they do not require speed alone, but speed and durability combined with economy.

Dodge Brothers offer this Farmers Car to farmers as a method of hauling which unites these qualities.

It will pay you to visit us and examine this car. The haulage cost is unusually low.

New Note in Street Music.

A new note in street music is struck in the Strand, where a performer on a piano-organ exhibits a placard stating that he is an ex-convict who has done four years. There are also statements as to police supervision and the instrumentalist's desire to do well; and, as a guarantee of good faith, the placard concludes with the address of his firm of solicitors and of his medical attendant.—London Chronicle.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure a grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and eases the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. It becomes thick, glossy and lustreous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
